Commissioner for Patents

The stated reference, Sato, had the wrong patent number. The correct patent number for Sato is JP 03175065 A. I have corrected this by attaching a new 892. The title is, "Data Buffer Device," and the pub. date is July 30, 1991. No machine translation to english was available for the entire reference. But I have attached the complete Japanese document and the english translation of the abstract.

PTO-892 attached.
